*In addition to musical art there will also be visual art to admire and purchase thanks to professor of art Bernice Davidson and Martin Methodist College. See how hearing the story of Rev. Matt Gardner purchasing an island in the Elkton River for community church river baptismal inspired her to do an oil painting of her interpretation of a baptismal scene.*

*This painting will be part of an exhibit at the museum to help tell the story of Matt and the history heritage and culture of early 19th century African American religion, faith and traditions. The painting will be present and unveiled at the Music Festival and prints will be available for purchase. So come get your limited edition print, meet Professor Davidson and have your print signed. All proceeds from the sale of the prints will go directly to the MGHM*
